Re: SOAH Docket No. 582-08-2178; TCEQ Docket No. 2007-1774-MSW
Permit Amendment Application of BFI Waste Systems of North America, LLC
MSW Permit No. 1447A

Dear Bob:

I have received and reviewed TFJA's objections and responses to BFI's discovery requests. Please be advised that I will be filing a motion to compel tomorrow (Thursday) afternoon or Friday morning. In particular, I will be moving to compel answers/responses from TJFA to each and every interrogatory, request for production, and request for admission in which TJFA has claimed that the discovery request is overbroad, seeks irrelevant information, etc. because it seeks information pertaining to TDS, TDSL or the Gregorys. I will also be moving to compel meaningful answers to each of the contention interrogatories.

I know this may be a formality, but nevertheless I am writing this letter to confer prior to filing the motion. Please let me know if you or your client are willing to reconsider your answers, responses and/or objections pertaining to any of the matters discussed above.

There is an existing date in the Scheduling Order of August 26, 2008 set aside for discovery disputes. We will notify Judge Newchurch's office of our intent to file the Motion and confirm his continued availability on that date.

Sincerely,

A handwritten signature in cursive script that reads "Paul".

Paul Gosselink
