Re: Application of Williamson County for Permit No. MSW-1405B
TCEQ Docket No. 2005-0337-MSW; SOAH Docket No. 582-06-3321
Commission's Order of February 17, 2009

Dear Ms. Gross:

Enclosed are revised pages of Williamson County's application in the above-referenced matter. The enclosed pages are provided as a courtesy to the Commission to assist the agency in revising the application and Permit No. MSW-1405B to comply with the Commission's order of February 17, 2009 in TCEQ Docket No. 2005-0337-MSW; SOAH Docket No. 582-06-3321. Specifically, the enclosed pages have been revised to comply with ordering provisions 3 and 4 on pages 38 and 39 of the Commission's order.

The enclosed pages include a revised page 1 of the "Part A" form in the application and a revised page 28 from the Site Operating Plan in Part IV of the application. A redlined version and a clean version of each revised page are enclosed.

If you have any questions regarding this matter or otherwise need any additional information, please do not hesitate to contact me.

Sincerely,

R. Mark Dietz

Enclosure

APPLICATION FOR A PERMIT OR REGISTRATION TO OPERATE A MUNICIPAL SOLID WASTE FACILITY
PART A APPLICATION FORM

PERMIT/REGISTRATION APPLICATION NO. MSW 1405 B (for TCEQ use)

Applicant Information

Applicant Name:	Williamson County
Customer Reference Number - if known* (9 digits)	**CN** 600897888

* If you do not have this number, complete the customer information section of the Core Data Form (TCEQ-10400) and submit it with this application.

Facility Information

Facility Name:	Williamson County Recycling and Disposal Facility
Regulated Entity Reference Number - if known* (9 digits)	**RN** 102328424

* If you do not have this number, complete the regulated entity information section of the Core Data Form (TCEQ-10400) and submit it with this application

Applicant's Agent Information

Authorized Agent's Name	Tim Champagne			
Authorized Agent's Title	Compliance Manager			
Street or P O Box	9900 Giles Road			
(City)(County) (State)(Zip)	Austin	Travis	TX	78754
(Area Code)(Phone #)	512	272-6261		
(Area Code)(FAX #)	512	272-9370		

Section 361.0666, Health and Safety Code, as added by HB2912 (effective September 1, 2001) requires an applicant for a permit for a new facility which accepts municipal solid waste to hold a public meeting in the county in which the proposed facility is to be located before the 45th day after the date the application is filed. Section 361.0666 also requires the applicant to publish notice of this public meeting at least once each week for the three weeks preceding the meeting. An affidavit certifying that notice was published in accordance with Section 361.0666 must be provided to the Commission.

If you have any questions about this meeting requirement, please contact the MSW Permits Section at (512) 239-6781 or see our website at:

http://www.tnrcc.state.tx.us/permitting/wasteperm/mswperm/notice.html.

4.7 HOURS OF OPERATION §330.118

The facility's waste acceptance hours are Monday through Friday, 5:00 a.m. to 8:00 p.m. and Saturday, 6:00 a.m. to 4:00 p.m. The facility's hours for operation of heavy equipment and transportation of materials to and from the facility are Monday through Saturday, 3:00 a.m. to 10:00 p.m. The facility may operate within these hours at the discretion of site management. Actual facility operating hours in effect at any give time will be posted at the facility entrance.

Landfill operations outside permitted landfill operating hours will receive TCEQ approval and will be documented in the site operating record as Temporary Operating Hours.

Section 4.26 describes screening provisions regarding night operation.

4.8 SITE SIGN §330.119

A conspicuous sign measuring a minimum four feet by four feet shall be maintained at each public site entrance. The sign shall state, in letters at least three inches high, the name of the site, type of site, hours and days of operation and the TCEQ permit number. The sign will have an emergency 24-hour contact phone number or numbers that reach a key landfill staff person with the authority to obligate the facility at all times that the facility is closed, and the local emergency fire department phone number. The facility sign will be readable from the facility entrance. A sign prohibiting receipt of hazardous waste, closed drums, and smoking will be posted near the facility entrance or gatehouse. A sign stating that all loads will be properly covered or otherwise secured will be prominently displayed at the facility entrance.

Within the landfill site, additional signs will be placed along the landfill haul road and access road directing customers to where disposal areas are and which roads are to be used

4.9 CONTROL OF WINDBLOWN SOLID WASTE AND LITTER §330.120

The working face shall be maintained and operated in a manner to control windblown solid waste. The working face shall be covered daily to avoid prolonged exposure of waste. In order to prevent disease vectors, control windblown debris and odors, reduce the possibility of fire, prevent scavenging, and improve the operation of the site, a minimum of six inches of "daily" cover soil, or approved equivalent, shall be placed and compacted over all exposed waste at the end of each working day or at least once every 24 hours

4.7 HOURS OF OPERATION §330.118

The facility's waste acceptance hours are Monday through Friday, 5:00 a.m. to 8:00 p.m. and Saturday, 6:00 a.m. to 4:00 p.m. The facility's hours for operation of heavy equipment and transportation of materials to and from the facility are Monday through Saturday, 3:00 a.m. to 10:00 p.m. The facility may operate within these hours at the discretion of site management. Actual facility operating hours in effect at any give time will be posted at the facility entrance.

Deleted: site may be open to the public and accepting waste seven days per week, 24 hours per day. These hours reflect commercial waste collection demands which may include municipal waste pickup during off-peak traffic hours early in the morning and in the evening. These hours include the facility waste acceptance hours, the operating hours when materials may be transported on or off site, the hours when on-site waste management activities may be conducted, and the hours when heavy equipment may operate.

Landfill operations outside permitted landfill operating hours will receive TCEQ approval and will be documented in the site operating record as Temporary Operating Hours.

Section 4.26 describes screening provisions regarding night operation.

4.8 SITE SIGN §330.119

A conspicuous sign measuring a minimum four feet by four feet shall be maintained at each public site entrance. The sign shall state, in letters at least three inches high, the name of the site, type of site, hours and days of operation and the TCEQ permit number. The sign will have an emergency 24-hour contact phone number or numbers that reach a key landfill staff person with the authority to obligate the facility at all times that the facility is closed, and the local emergency fire department phone number. The facility sign will be readable from the facility entrance. A sign prohibiting receipt of hazardous waste, closed drums, and smoking will be posted near the facility entrance or gatehouse. A sign stating that all loads will be properly covered or otherwise secured will be prominently displayed at the facility entrance.

Within the landfill site, additional signs will be placed along the landfill haul road and access road directing customers to where disposal areas are and which roads are to be used.

4.9 CONTROL OF WINDBLOWN SOLID WASTE AND LITTER §330.120

The working face shall be maintained and operated in a manner to control windblown solid waste. The working face shall be covered daily to avoid prolonged exposure of waste. In order to prevent disease vectors, control windblown debris and odors, reduce the possibility of fire, prevent scavenging, and improve the operation of the site, a minimum of six inches of "daily" cover soil, or approved equivalent, shall be placed and compacted over all exposed waste at the end of each working day or at least once every 24 hours.
